STUDENT IN COMPUTER SCIENCE - 1ST YEAR

I am looking for a work-study program for 2025 starting in mid-November, on a 3-month school / 2-month company rhythm over 2 years. This motivates me to discover the world of work, to acquire professional skills, and to apply my learning in real-world situations.

EDUCATION

High School Diploma

June 2024

- Graduation with honors
- Specialties: Mathematics and Physics-Chemistry
- Lycée in Cournon d'Auvergne (63800)

SKILLS

Technical

- Programming: Proficient in C, C++ and C#, basic knowledge of Python.
- Web languages: HTML, CSS with basics in PHP.
- Databases: Creation and management of databases.
- System Administration: Configuration of network resources, popularization.

Languages

- English (Level B2)

Personal Qualities

Patient, creative, and open-minded

PROFESSIONAL EXPERIENCE

Summer Job

July 2024

- Packer, Europafi, Vic-le-Comte (63270)
- This experience strengthened my team spirit in emergency situations and enhanced my ability to collaborate effectively, while adhering to industrial production processes with strict safety and security standards.

OTHER

Sport

- Basketball, handball, judo, gymnastics and swimming

Interests

- Music: Self-taught piano
- Baking: Russian cake, tiramisu, chocolate fondants
- Travel: Louisiana, Houston, London, Belgium
